

Bluebonnet Feeds Complete Assurance

COMPLETE PERFORMANCE HORSE PELLETED FORMULA

Product Description:

Bluebonnet® Complete Assurance is a high quality balanced feed which contains the protein, fat, calories and fiber needed daily. The product is low in starch, non-structural carbohydrates & sugars. When fed as according to directions this product will provide all of the trace minerals and vitamins needed as noted in the Sixth Edition of the Nutrient Requirements of Horses from the National Research Council.

Features:

- Stride Fortified Complete Feed Designed For Horses of All Ages
- This is a complete feed including all the fiber horses need along with the balanced life cycle nutrients appropriate for horses from foals to adults. This feed works amazingly well on horses of all ages as the complete diet.
- Carefully formulated to contain low levels of starch, carbohydrates and sugar to optimize digestive safety and consistent results.
- Contains "Cool Energy" calories from 5% vegetable oil rich in omega 3 and 6 fatty acids for maximum performance and appearance.
- "True Name" ingredient listing shows the specific names of the ingredients used to produce this feed.
- Fortified with Stride to provide probiotics, yeast culture, kelp seaweed meal, chelated trace minerals, and important vitamin fortifications needed for maximum nutrient utilization, conditioning and safety.
- High quality Dehydrated Alfalfa Leaf meal provides high quality Alfa-Fiber to deliver top quality consistent results.
- Critical nutrient levels of lysine, trace minerals and vitamins, including thiamine are label guaranteed.
- Ingredients are tested for the presence of aflatoxins and specific mycotoxins before use.
- Major minerals like calcium, phosphorous and magnesium are balanced to provide the correct levels needed for proper results.
- Stable formula provides consistent results bag after bag.

Stride equine diet balancer.

Stride® is our own unique supplement that combines concentrated levels of natural yeast cultures, kelp seaweed micronutrients, patented amino acid chelated trace minerals, and probiotic digestive micro-flora to safely enhance digestion. Improved hoof and coat condition, weight gain and muscle tone, bone development, and overall improved performance are benefits of

Altech® Sel-Plex® organic selenium yeast supports normal health and development, reproduction and breeding, selenium status of nursing foals and overall condition of exercising and performance horses. Bioplex® are key minerals in nature's form. Bioplex® minerals are better absorbed and used by the animal, supporting efficient performance, bone formation, hormone production and immune response. Lacto-Sacc® is designed to maintain normal digestive function, maximize feed digestibility, and increase feed intake.

MICRO-AID® Micro-Aid® is an all natural technology proven to reduce aerial ammonia and other toxic gases in equine facilities. A healthier environment reduces respiratory stress and supports maximum digestion and oxygen capacity within the horse. Saponin-based technologies similar to Micro-Aid® have been used to control arthritis.

Optimum Vitamin Nutrition (OVN)™ formulas provide the entire spectrum of vitamins necessary for horses through high quality, safe and stable vitamin sources. Our OVN vitamin formulations provide levels that meet or exceed NRC requirements.

Bluebonnet Feeds
Complete Assurance
 COMPLETE PERFORMANCE HORSE PELLETTED FORMULA

Daily Feeding Directions:

- **For Light Work & Maintenance:** Feed 1.5 to 2.0% of horse's body weight.
- **For Moderate Work & Pregnant Mares:** Feed 1.75% to 2.0% of horse's body weight.
- **For Intense Work, Late Lactation & Growth 18 to 24 months:** Feed 2.0% to 2.5% of body weight.
- **Nursing Foals to 3 Months & Mares in Early Lactation:** Feed 2.5% to 3.0% of body weight.
- **Growing Foals over 3 months to Long Yearlings to 18 Months:** Feed 2.0% - 3.0% of body weight.

Divide daily feed into a minimum of two equal feedings

- Horses should not need any additional hay when fed according to directions. If additional roughage is desired, a small amount daily can be fed or horses may graze on pasture forage as much as they desire.

NOTE: DO NOT FEED TO SHEEP OR OTHER COPPER SENSITIVE SPECIES.

IMPORTANT – PLEASE READ:

- Monitor the condition of your horses and increase or decrease the daily feed amounts to obtain the desired condition or growth rate. Provide plenty of fresh, clean, cool water at all times.
- Offer salt and or a free choice horse mineral at all times.
- Change feed slowly over several days.
- Keep feed fresh in cool, dry storage. DO NOT offer feed that is old, wet, soiled, molded, insect contaminated or has an "off" odor.
- Follow the veterinarian's recommendations concerning overall health management.

Ingredients: Dehydrated Alfalfa Meal, Rice Bran, Dehulled Soybean Meal, Soybean Oil, Wheat Middlings, Sunflower Meal, Yeast Culture, Dried Kelp Meal, Calcium Carbonate, Monocalcium Phosphate, Magnesium Oxide, Salt, Selenium Yeast, Dried Enterococcus Faecium Fermentation Product, Dried Lactobacillus Acidophilus Fermentation Product, Dried Aspergillus Oryzae Fermentation Extract, Dried Aspergillus Niger Fermentation Extract, Dried Trichoderma Longibrachiatum Fermentation Extract, Dried Bacillus Subtilis Fermentation Extract, Lignin Sulfonate, Yucca Schidegera Extract, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, L-Lysine, DL-Methionine, L-Threonine, Biotin, Niacin Supplement, d-Calcium Pantothenate, Folic Acid, Thiamine Mononitrate, Riboflavin-5-Phosphate, Pyridoxine Hydrochloride, Vitamin B12 Supplement, Ferrous Carbonate, Ferrous Sulfate, Zinc Amino Acid Chelate, Zinc Sulfate, Manganese Amino Acid Chelate, Manganese Sulfate, Manganous Oxide, Copper Amino Acid Chelate, Copper Sulfate, Cobalt Carbonate, Sodium Selenite, Ethylenediamine Dihydrodide, Natural & Artificial Flavors, Roughage Products 18% Maximum.

Guaranteed Analysis					
Crude Protein	Min	14.50 %	Copper	Min	20 ppm
Lysine	Min	.47 %	Selenium	Min	0.3 ppm
Methionine	Min	.20 %	Zinc	Min	80 ppm
Threonine	Min	.40 %	Iron	Min	80 ppm
Tryptophan	Min	.15 %	Manganese	Min	80 ppm
Crude Fat	Min	5.00 %	Vitamin A	Min	3,000 IU/lb
Crude Fiber	Max	20.00 %	Vitamin D3	Min	400 IU/lb
Calcium	Min	1.00 %	Vitamin E	Min	40 IU/lb
Calcium	Max	1.50 %	Vitamin B12	Min	15 Mcg/lb
Phosphorus	Min	0.60 %	Biotin	Min	.60 Mg/lb
Magnesium	Min	0.30 %	Riboflavin	Min	1.75 Mg/lb
Potassium	Min	0.95 %	Thiamine	Min 3	.00 Mg/lb
