Ingredients

Calcium Carbonate, Salt, Monocalcium Phosphate, Corn Dried Distillers Grain with Solubles, Magnesium Oxide, Cane Molasses, Vegetable Oil, Mineral Oil, Yeast Culture, Potassium Chloride, Zinc Sulfate, Zinc Oxide, Manganese Sulfate, Manganous Oxide, Copper Sulfate, Ferrous Sulfate, Sodium Selenite, Ethylenediamine Dihydriodide, Potassium Iodide, Cobalt Carbonate, Iron Oxide, Calcium Silicate, Calcium Salts of Long Chain Fatty Acids, Silicone Dioxide, Vitamin A Acetate, Vitamin D Supplement, Vitamin E Supplement, Natural and Artificial Flavors Added.

Product Description

This multi-species mineral and vitamin supplement is designed to provide livestock with high quality sources of calcium, phosphorus, salt, vitamins, and trace minerals. Offer to cattle, sheep and goats as a quality livestock supplement. “Water Shed” technology is included to help product resist moisture.

Feeding Directions

FREE CHOICE FEEDING: Offer free choice continually in feeders protected from the weather. Consumption by cattle should range from 2 to 4 ozs daily depending on animal type and size, mineral requirements, pasture and weather conditions. For sheep and goats consumption should range between 0.5 to 1.5 ozs per head per day. This mineral contains all the salt needed on a normal basis. If overconsumption is occurring, more salt may be added to the mineral or offered separately free choice. Under normal conditions this product should be the only source of salt offered to livestock being fed this mineral. Do not feed any other mineral supplement when feeding this product.

FOR MIXING: Use at the rate of 50 to 100 lbs per ton for mixing livestock rations.
